PROJECT SOLUTIONS CREATED JUST FOR YOU

At OTS, we offer an entire division committed 100% to providing global solutions for small or large projects.

In Australia we specialise in over-dimensional transportation. We have created a range of tailored KPI's and procedures for every project in order to maintain a high level of quality and consistency.

These services include

- Specialized Fleet Capability with 24/7 Operations Department
- Depots across Australia
- Thorough knowledge and experience with metro, regional and rural areas
- Road Traffic Authority Certification in every Australian state
- In-house escort vehicles available when needed
- Constant updates on restrictions regarding all permits in Australia
- Close working relationship with Road Traffic Authority, Police and Federal Governments

OTS Project Division is synonymous with superior Project solutions on a Global Scale.
