Competitive and Realistic Solutions for your International Freight Forwarding Requirements

Hello ... Something about us

OTS (Overseas Transport Systems) Australia Pty Ltd officially opened in Melbourne on the 21st June 2004 as part of the OTS SpA group in Italy.

The OTS Group has been a highly competitive and successful operator in international freight forwarding since 1988.

Today, the OTS Group has grown throughout the world by creating a close network of shareholders and exclusive agents in main cities worldwide. Our focus today and for the future is clear: to dedicate ourselves to consistency, quality and the highest levels of service in everything we do.

Solutions

With our personalised service, we offer a dedicated and focused Customer Service team who ensure that we communicate to you (our client) reliable and up-to-date information about your cargo.

We tailor our transport solutions to your specific and individual needs to give you the most efficient and cost effective services.
