

ROAD TRANSPORT SOLUTIONS - AUSTRALIA WIDE

OTS PLUS Transport Brokerage Division (part of the OTS Australia Group) provides B2B (Business to Business) Solutions for Domestic Transport Services throughout Australia.

TRANSPORT MANAGEMENT SYSTEM

We offer our clients a Transport Management system called **Smart Freight** which allows clients to integrate with all major transport providers, cost, book and manifest all in one screen, greatly reducing the overheads whilst maintaining all transportation needs.

Smart Freight is a powerful solution that gives you transparency on your world of transport designed for medium to high volume shippers. Perfect for traditional warehouse operations who require control and a piece of mind that they are using a Freight Management System tailored to their needs from choice of carrier to postcode deliveries.

What does Smart Freight offer:

- ▶ Tracking
 - ▶ Consignments
 - ▶ Freight Costs
 - ▶ Items not delivered
 - ▶ DIFOT – Deliver in Full on time reports
 - ▶ Cost Centres
 - ▶ Annual Timeline
 - ▶ Actual Deliveries
 - ▶ Actual Spends
- and many more options...
